SUMMARY

For the past two years, I've pursued a Master's Degree in Software Engineering while working as a Junior Full-Stack Developer. In this role, I've been involved in all phases of product development, from design to deployment. Balancing both work and study has strengthened my technical skills and deepened my understanding of software development.

EXPERIENCE

Junior Full-Stack Software Engineer

SNGULAR

📅 04/2023 - Present   📍 Remote
